SAWYER COUNTY SURVEY RESULTS

- Goal 1 – Protect natural areas, including wetlands, wildlife habitats, lakes, woodland, open spaces and groundwater resources.
- Goal 2 - Protection of economically productive areas, including farmland and forests.
- Goal 3 - Balance individual property rights with community interests and goals.
- Goal 4 - Promote the redevelopment of lands with existing infrastructure (utilities, roads) and public services and the maintenance and rehabilitation of existing residential, commercial and industrial structures.
- Goal 5 - Encourage land uses, densities (the number of people or buildings that exist in relationship to the surrounding area) and regulations that promote efficient development patterns and relatively low municipal, state government and utility costs.
