Minutes prepared by Sawyer County Clerk Carol Williamson and Deputy County Clerk Cindy
Lehner

October, 2020 Highway Commissioner's Report

As staffing levels permit, two employees have been assigned to mow on county trunk highways and one employee is mowing on state trunk highways.

Paving was completed on a 2.2-mile section of County Road E, from Victory Heights Road to Thoroughfare Road. Also, paving was completed on a 1.3-mile section of County Road CC, from Sandy Point Road to Tiger Musky Road. Pavement marking was completed on the County Road H and County Road B projects.

Sawyer County forces recently assisted Bayfield County Highway Department in the paving of four culverts in their county.

Recruitment is taking place for the position of shop foreman, vacated by a recent retirement. Also, a job order has been placed to fill a vacant Driver/Operator position. Finally, an employee has given a verbal notice that he is retiring November 25, 2020. An official letter of retirement has not yet been received.

There are currently no employees out on worker's compensation.

Right-of-way acquisition for the County Road E bridge project has been completed and certification has been submitted to WisDOT.

The culvert pipes on County Road NN at Worlds End Road are scheduled to be replaced this year. This replacement will take place after paving and shouldering are complete on County Road CC. This project will necessitate a two-day road closure.

Commissioner training, previously scheduled for March 17-18, 2020, has been rescheduled for October 27-28, 2020 at the Lismore Hotel in Eau Claire, WI.

The crew continues to work under the COVID-19 guidelines established by the Sawyer County Public Health Officer. (On 7/31/2020, Red masking guidelines were put in place.)

Maintenance Report October 2020

Along with routine maintenance, the following maintenance projects were started or completed in September:

I. Courthouse:

- We are in the planning stages of converting two exam rooms in the WIC area of the courthouse into one large room.
- The equipment that was approved by the Board of Supervisors last month has been ordered.
- Renovations in the courthouse lobby and Main Street entrance have been completed. We are now in the process of renovating the Zoning/Land Records hallway.

II. Sheriff's Department:

- Collaborated with Andry Rasmussen and Sons, Inc. to install two new hot water mixing valves and electronic solenoids into the water supply for the 2006 jail addition.
- Built and delivered twelve new targets to the City of Hayward gun range.
- The air conditioning unit for the 2006 jail addition has been installed, and should be fully operational by October 15.

III. Ambulance:

- Snow removal equipment has been serviced and is ready for the upcoming season.

IV. Ambulance:

- We spread, raked, and seeded thirty cubic yards of screened topsoil at the Ojibwa Ambulance garage site. We will hopefully be able to remove all of the silt fencing next spring.
